**Xcmg Truck Crane Qy25k5-I**

Main parameters:
Max. rated total lifting capacity: 25T
Fully extended boom: 39.2M
Fully extended boom + jib: 47.2M
Engine: SC8DK280Q3WD615, 329.206kw
Dimension(L*W*H): 12300*2500*3290mm

Main configuration:
* Wire rope
* Hirschmann PAT
* Heater
* Full dimension cab

Optional parts:
* Air condition

**Advantages of Xcmg Truck Crane Qy25k5-I**

XCMG crane price of QY25K5-I is very competitive. Crane xcmg QY25K5-I use for many years design and manufacture of truck crane crystallization technology, based on mature technology, high-reliability products. Xcmg crane price used the company made special truck crane chassis, full coverage go platen, the classic K series appearance, easy to operate and flexible. Widely used in city construction crane installation work, transportation, ports, bridges, oil, industrial and mining enterprises and other places.

* lifting capacity and performance with comprehensive lead.
* octagon jib hoist with superior ability.
* Plug-arm head, lengthening the embedded slider hoist deformation is small, smooth stretch.
* The self-developed load-sensing system, control smooth, energy efficient.
* The starting point of the new high-torque hydraulic motor to ensure that the secondary lifting not decline.
* Proprietary single-cylinder telescopic pin technology to improve active safety scalable system.
* The use of digital bus technology torque limiter, anti-interference ability, low failure rate.
* The main structure automatic welding technology, welding defect, high reliability.
* The dual mode model engine, the maximum possible for you to save fuel

Our company sold all kinds of mobile crane for many years in the world. We have sold 25t xcmg truck crane to so many countries in Thailand, Indonesia, Malaysia and so on. XCMG hydraulic crane for sale is very hot now. From 8t to 100t crane can be offered. QY25K5-I xcmg crane is most popular. The price for QY25K5-I is very higher than other
